A three-ward underground hospital, complete with X-ray equipment and facilities for operating was dug out of the sandstone and solid rock at Camp Joseph T. Robinson, Ark. Each of the three wards are about 12 feet high by 10 by 20 feet in area, and are connected with each other by tunnels,

which in turn connect with a passage walk leading to the underground. It is estimated that a similar installation could be built in the field under combat conditions in 24 hours. Photo shows a view of one of the underground wards with simulated casualty cases undergoing treatment.

Hero of Jap Sub Attack In the Pacific Early Last Year Is Alpine Visitor

Robert Reese Clay, 24-year-old member of the Merchant Marine and holder of a gold medal awarded him by the National Maritime union for heroism at sea, visited his uncle, Sam Roberts, here this week. Young Roberts has also been decorated with the army's Order of the Purple Heart and is probably one of the very few merchant seamen to receive a military decoration thus far in the war.

Roberts was a pre-medical student for two years before going to sea on a ship which was torpedoed by a Jap sub near New Guinea the early part of last year. Although his left leg was shattered, he made his way to a lifeboat, giving med-

The Skipper slipped off a day or two before Christmas and ambled up to Fort Worth for a brief visit with our daughter and her husband. We make this explanation as an apology for inflicting Claude Coleman on the ever-growing list of discerning people who read this great moral and educational column. On our return, with a very bad cold contracted while away, we found a big pile of fan mail awaiting us, which we will get around to as soon as possible.

From the many inquiries we have received, we know that a number of people will be interested to know that we've finally heard from our boy who was shipped out from a Pacific coast port of embarkation in late November. He is, as we suspected all the while, over in the Big Middle of things that have been popping the past several days. In New Guinea, to be exact. We've had three letters from him since last week-end. Two in one envelope, the first dated en route, Dec. 4, in which he states, "I guess by the time you get this you'll be taking down the Xmas decorations and putting out the porch chairs. . . We've been an awfully long time getting as far as we are now and still have quite a distance to go. My departure from the West Coast was rather abrupt. MARATHON NEWS

Mrs. CHAS. S. WALKER, Correspondent — Phone 59

The Baptist Woman's Missionary society met at the home of Mrs. J. L. Shoemaker Tuesday, Jan. 4. The business session was followed by Bible study, in which the Book of Job formed the topic of consideration. A delicious salad plate was served to Mesdames Lochausen, Davis, Snodgrass and Chambers.

Dr. T. R. Gathright has resigned as pastor of the Baptist church.

Mr. and Mrs. Coffee, who have been operating the Marathon barber shop, have moved to Sanderson. It is reported that the shop will be re-opened soon by a barber from Del Rio.

Mr. and Mrs. Jessie Lochausen of Sanderson spent New Year's day with Mr. and Mrs. Otto Lochausen.

Tuesday evening Miss Julia Miller returned to Belton where she is attending college.

Mrs. Jack Todd, who has been visiting in San Antonio, returned Tuesday morning.

Lieut. Jentzen and Kenneth Millard, of the Civil Aeronautics patrol, stationed at Marfa, were Marathon visitors Tuesday, and dinner guests of Mr. and Mrs. T. B. Henderson. They were here to inspect the airport south of town. During the afternoon Mr. Millard took his host up to see what Marathon looks like from the air.

Mr. and Mrs. Al Lampe and daughter, Marlene, were El Paso visitors over New Year's.

A large number of Marathonites attended the New Year's eve dance in Alpine.

Sergeant Odie Roberts and Mrs. Roberts returned to Fort Riley Sunday afternoon after spending a brief time with homefolks.

Mrs. Mae Starr went to El Paso by train Friday to accompany her daughter, Albertine, here by car. Miss Albertine returned to the

Wednesday night throughout the winter in order to accommodate not only the regular attendants but everyone who finds it necessary to be out of town on Sunday. This service is in addition to the services that have been and will continue to be on the third and fourth Sundays. A choir is being organized and is holding choir practice on Wednesday after the worship.

Dr. A. C. Douglas, district superintendent of the Pecos district, will be guest preacher at the Methodist church Sunday morning, Jan. 16. Dr. Douglas was pastor of this church in 1917 and many long-time residents will view his return with unusual interest. He will preside at the first quarterly conference later in the day.

An old-fashioned box supper will follow the games next Tuesday evening at the high school gymnasium. Everyone bring your boxes and join in the fun. This is sponsored by the Methodist church.

School News

(Jo Conway and Cornelia Bennett)
School did not start with quite the bang after the Christmas holidays with which it started at the first of the term. Many of the students felt that after the New Year's they needed another day's vacation. At least, that is the way it appeared. However, many expressed the sentiments of being glad to be back in the "greasy grind."

Marathon's volley-ball and basketball teams hope to play Alpine Friday evening either at Marathon or Alpine. It has not yet been fully decided which. Marathon hopes for at least some of the victories.

ROTARY NEWS

M. A. WEBB, Editor

On the main program at yesterday's Rotary meeting, names were drawn from a bowl and each man was called upon for a one-minute talk on what Rotary meant to him. Twenty-one Rotarians rose as their names were called. Some expressed their appreciation for what the association in the club had meant to them. Others offered some constructive criticism for the benefit of the club and members for this year. Several new members since the beginning of the fiscal year in July expressed a desire to know more of Rotary and be better Rotarians. One absent member yesterday, Trumon Etheridge, was assigned the 5-minute program for next week as a penalty.

The committee appointed last week—John Newell and George Pugh—reported on their contact with the USO director regarding Rotarians' helping at the USO on one night a week, stating that Friday night seemed to be more suitable for the club members. A vote was taken by the club and it was decided that five men would be appointed by the chairman at each meeting to serve the following Friday night.

Visiting Rotarians yesterday were Jeff Oliver of Edinburg and R. H. Chumley of San Angelo.

Guests were Sgt. and Mrs. Rex Koury with his father, George.

DOROTHY CALDWELL BRIDE OF LIEUT. SCHROEDER

At an impressive ceremony in the post chapel Sunday, Jan. 2, at 4 p. m. Miss Dorothy Caldwell, daughter of Mr. and Mrs. Bogan Caldwell of Alpine, became the bride of Lt. Walter Schroeder of Chicago, an instructor at the pilot school.

The altar was beautifully decorated with ferns, white carnations and glads, flanked by candles which were lit by Lts. Allen Hobbs and Robert Roberts as the strains of soft organ music, played by Mrs. Wm. Sloan filled the chapel.

Mrs. Gene Benson sang "I Love You Truly," accompanied by Mrs. Sloan, then Mrs. Cecil La Beff, cousin of the bride, read the poem, "Why Do I Love Thee?"

The bride entered alone, wearing a beige fur-trimmed suit with brown accessories and carrying a bridal bouquet of white orchids. The groom was handsome in his dress uniform and was attended by Lt. Don Ezell as best man.

Miss Emy Lou Harris, the maid of honor, wore a blue suit with

Burcham and Mrs. Parr, with low score going to Mrs. Hudson.

Mr. and Mrs. Knox Reid were hosts to the Friday night club, in their home last week.

Members present were Mr. and Mrs. J. E. Burgess, Mr. and Mrs. Frank McCollum, Mr. and Mrs. J. W. Shepperd, Mr. and Mrs. Geo. Koury, Dr. and Mrs. E. C. Coleman and the hosts. Mrs. Burgess won high score for the ladies, Frank McCollum, high score for men, and J. E. Burgess captured the Bingo prize.

At the home of Mrs. Mills, Jerry Mills and Dorothy Jean Crawford entertained a few of their friends with a watch party last Friday night. After seeing the old year out they attended the mid-night show at the Granda theatre.

BRIDE-ELECT IS HONOR GUEST AT BRIDGE-TEA

On Wednesday, Dec. 29, Misses Eva Jean Ferguson and Laura Lee White entertained with a bridge tea in the home of Mrs. Fred Griffin. They were assisted by Mrs. Griffin and Mrs. Lulu White.

The guests were the following: Misses Dorothy Caldwell, the honoree; Emy Lou Harris, Jackie Cross, Juliana Bierschwale, Catharine Harfst and Mesdames Griffin Parce, Watts, Don Ezell, R. L. Greenman and Cecil La Beff.

Tea guests were Mesdames Edgar Martin, G. H. Harfst, Jim Parris, Gene Benson and Charles L. Moss. High and second high went to Mrs. Cecil La Beff and Emy Lou Harris, with a guest prize being presented to Miss Caldwell.

A TRIBUTE TO THE

*Retail Salespeople
 of America*

At the beginning of a new year we pay tribute to those loyal citizens who serve behind the retail counters of America.

Shortages, complications of rationing, the fact that many of their number are in the armed services, make their job today more difficult than ever.

Despite all of this the retail selling job has its high rewards!

Good retail salespeople like their work! They like to meet and serve people! They take pride in each sale well made! And they know that on the home front they support the war effort by helping to maintain our high standard of living.

Try to imagine, for a moment, how your family's daily needs—food, clothing and household supplies—could be taken care of if all the retail salespeople were suddenly spirited away!

These stars are given for 90 per cent attendance. At this meeting Rose Anna Smith also received her First Aid, World Trefoil and First Class badges and pin. Our troop crests arrived also. Committee Thanks Those Who Provided Christmas Cheer For Service Men

Several weeks ago a committee from the USO sent out an appeal to all Alpine for sweets for the boys and girls in service. It was our hope to keep loads of cakes, candies, pies, fruits and nuts on a table for the free consumption of these boys and girls during the holiday season.

The committee is most gratified with the response to that appeal. There was an abundance of sweets every day. We believe the boys and girls in service will testify that Alpine shared her Christmas goodies with them.

We especially are grateful to the club women of Marathon who sent a load of good things. Their response was altogether spontaneous and therefore much appreciated.

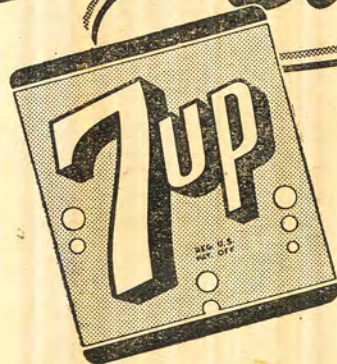

We also wish to say "thank you," especially to the individual members of the Rotary club who gave cash to this appeal. We used the money, nearly \$100, to buy fruits and nuts.

To all who gave so generously in response to the appeal, the committee says "thank you" in a spirit of sincere appreciation.

Mr. and Mrs. D. N. Scott returned home last week-end from Albuquerque, N. M., where they visited their son, Duncan, and family. Duncan has volunteered for service in the Navy and will leave soon for a training school in Rhode Island.

Well, the Alpine USO club has had a very lovely Christmas and thanks to the people of Alpine for it.

The USO and its entire staff wish to thank every woman, man or child who so generously contributed to make this a lovely Christmas. We especially want to thank the women who have sent in cakes, pie, candy for the table which we have kept full during the holidays for the boys and WACs in the service here. And also we want to thank the Rotary club of Alpine for its support and cooperation, in making it possible for the boys to have fruits, nuts, and gifts, it was through your efforts that these were made possible.

Alpine, Texas

Dear Mom and Pop

Today is HOT and Sultry. The only one of the three of us who doesn't mind it is P.G. She's sound asleep as I'm writing and no wonder. She's just walked and walked around her crib. Yep!

Last Wednesday I came in the living room to find her standing up. I accused Brendo Dayelwood (7 yrs old) falsely of standing her up and then leaving her there. But Brendo assured me that Peggylane had done it herself. So-o-o! I laid her down and presto she yelled bloody murder then crawled over to the bars and pulled herself to her knees and then got on her feet. Since then she's learned to walk half way around the crib hanging on, and does she think she's smart? You bet! Now she stands up most of the day and sometimes will lower herself almost to sitting down then jerk up real hard then do that over and over until she's tired - then she yells for one of us to sit her down. She hasn't mastered that yet.

Last week I went swimming several times with the Dayelwoods and we got very nicely acquainted. Did I tell you I had them over for lunch one day? Anyhow we got talking about Texas and Mexico and Mrs. Dayelwood said her husband expected to get to Alpine for

for the trip home and Mrs. H + I talked & talked. The kids (Jim 16) Brenda (7) had gone to the show. From her description of the trip I was more than glad we didn't go. The heat was terrific and Ojinaga is an adobe town with few trees. Then when they got ready to camp it started raining so they couldn't fish either and had to pay toll and get back in the U.S. and a hotel in Presidio (on the border) for the night. That cost plenty. Then they went back across to Mexico Mon. morning to look for things to bring back and couldn't find much. So I think we faced the heat and cheapest by staying home.

Last night we had two of the Instructors Willie had in school (link training) over for supper for once I managed to get dressed and cleaned up ahead of time and we had a fine time. They ate and ate and ate and just enjoyed it. I had swiss steak, green beans (Mrs. S.) a salad from our garden (lettuce, carrots, onion, radishes and cucumber with american cheese and mayonnaise). Then we had potatoes boiled with onion, and rolls. For dessert we had lime jello with pears in it and Betty's food cake and they just raved and raved.

Phil from Detroit said he hadn't had home made cake for 1 1/2 yrs. Imagine! He ate two huge pieces. The other fellow is the one I told you had a Ph. D. in classical languages and he showed us a letter he'd just received from a friend of his whom he'd been in Jerusalem with and who is now in Persia. This chap had played tennis with the "Shah" of Persia. Wow! Sgt Bourne is a grand person and very modest about his own accomplishments. He preferred to work up in the Army to a commission. Well folks. Willie is getting ready to go up town

and as I like you ^{4.} to get this by Sat. I'll
hurry and finish.

I'll answer your letter later. I dropped
Wileen McLaney a card and asked her to return
my jewelry tools to you as the U.S.A. here may
want me to teach jewelry here. I'll let you
know later. O.K.?

Wasn't that Detroit affair awful? Big
Boy! Phil is from there and he is disgusted.
and all the soldiers are furious about the Coal
Strikes and Lewis. They'd like to form a posse
and tear him to pieces and a few of the other
warring heads too. After all, they say, what
would happen if the fellows in North Africa
or Alaska or other places should strike?

I'm glad you sent the pictures to Jim. We
must write him soon!!!

Had Betty L. used the stamp. I'd thought of
Shirley Anne.

Did Jim Henderson come? I hope so!

Pop. thanks a million for the \$5⁰⁰. Will buy
the stamps all right instead of sending the
money for Insurance and Thanks, thanks
thanks. Ab. hasn't any more teeth yet but
she sends all her love to her grandpa
and grandpa and hopes that somehow,
she'll get to bite them both soon.

Loads of love from Ollie and I
and oodles & oodles of noisy tummy
juicy kisses from Peggy Anne

Your Peg.

Mr,
Alpine, Texas

Dear Sir:

The Texas State Highway Department will re-pave the Fort Davis Highway from Bridge to Bridge if all of the property owners on both sides of the Highway will agree to stand the cost of Curb & Gutter of Highway Standard and if the street can be widened by 10 feet allowing for 50 feet of pavement and $7\frac{1}{2}$ feet for sidewalk and utilities.

Curb and Gutter is required by the Highway Department and is more expensive than just straight Curb as we have most everyplace in town. The cost of Curb & Gutter will be around \$2.30 per foot.

After studying the situation of the additional 10 foot width I believe it will be more practical to get the whole 10 feet on the east side of the Highway after it passes the School house yard. That 10 feet now is almost entirely in the borrow ditch along the Highway. There is not as much development on the east side as on the west. On that part east of the school yard $7\frac{1}{2}$ feet I believe will be sufficient by pushing over on the School ground some.

Each property owner will be sent a copy of this letter. Please write your views, remarks and recommendations on the back and return in the enclosed stamped envelope.

This development will mean a great deal to all the North part of town.

Yours very truly

Over for explanation of grades.

To The Parents:

Report cards are issued every six weeks—six times during the school year. In order to be official the report must be stamped by the principal, the session teacher, and each subject teacher.

After each unsatisfactory grade there is a comment expressing, in the judgment of the teacher, why the work is unsatisfactory.

Please give this report your careful consideration, then both father and mother sign, and return to Senior High School for filing.

The letter system is used in grading. Six letters are used: A, B, C, D, E, I.

- A. High honors. Superior students with eagerness for work. Students who do more work than is required. All work thoroughly and accurately done. Students who have much initiative. Work always done on time. Dependable students with ability to think.
- B. Honors. Students whose work is above average. They need little encouragement from the teacher. Industrious students who are thorough and dependable and have some initiative but to a less degree than A students. Work is nearly always in on time.
- C. Average work. Average students who do fair work. Students who do passing work with encouragement from the teacher. This group will include earnest, painstaking, hard-working students, and also those students who are careless, indifferent, and who could do much better work with more effort.
- D. Below average. Students who do work below average. Their work is inferior but not to a degree to justify failure. They need much encouragement from teacher. Students who must be prodded to do passing work. Frequently indifferent and careless pupils. They do minimum of work to receive a passing grade.
- E. Failure. Pupils who fail to do the minimum amount of work after encouragement and help from the teacher. Negative in attention, no initiative, careless, and inappreciative. Do 50 to 69 per cent of required work.
- I. Work incomplete. Pupils whose work is incomplete through sickness, quarantine, back work not made up, test or examinations yet to be taken, notebook not complete, failure to hand in notebook or written work, withdrawal from school, and many other reasons.

Letters carry points as follows:

A—5	C—3	E—1
B—4	D—2	I—0

Semester averages and honor points are determined by the number of points received during Semester.

A Valentine
FOR MY WIFE

Though I have good intentions, Dear
I sometimes fail to do
Those little things I really should
To show my love for you
But in your understanding way
You certainly must know
How much I wish you happiness
Because I love you so

Shopper's Guide Press has huge list of books

If it's reading, Shopper's Guide Press can fit any habit--from the most modern periodicals to the most distinguished and fascinating areas of non-fiction.

Shopper's Guide at 706 N. 5th provides for the Big Bend and Alpine reader the most complete selection of paperback books, popular periodicals, special topic publications and works of modern to ancient authors in the area.

Owners and operators, Mr. and Mrs. Oliver Theophilus, stress their goal of providing the best for students and readers in the Big Bend country.

As Mrs. Theophilus correctly points out, "It would take a book to list all the books and things we have here."

In addition to retail sales from 2-6 p.m. and 7:30-9:30 p.m. daily (except Saturday nights and Sunday), Shopper's Guide serves as distributor for periodicals and paperbacks for the Big Bend area.

The distributorship, begun in 1960, represents 12 major publishers of magazines and 25 book lines. Shopper's Guide is 1 of 24 such dealerships in Texas and the only one in a huge slice of Southwest Texas.

The business "grew out of necessity" and the retail store was opened in September of 1967 and is a boon to Big Bend readers and students.

In addition to reading materials, including age-coded children's books, Mrs. Theophilus offers a line of original postcards of her own which present the beauty and history of West Texas.

Also, as an aid to students, Shopper's Guide offers its service as a resale agent for textbooks. Students wishing to sell used texts may leave the books on the shelves at Shopper's Guide.

Added convenience for the Big Bend reader, and any reader for that matter, is a special Best Seller rack arranged each month with the best-selling

books in the U. S.

Special interest topics also are arranged for convenience and selection.

A good gift idea offered by the store is that of a set of packaged paperbacks by a single author. Or readers desiring the works of a particular author may purchase some of his outstanding and most popular books in the package deal.

Mrs. Theophilus also offers instruction in arts and crafts--especially ceramics--for private students.

Hallmark cards, books, handmade gifts, reference books, Bibles and posters are only a few of the special items offered by Shopper's Guide.

Also available are specially printed "easy-eye" books for readers with poor vision. The books are printed on special non-glare paper in large type.

Creative children's books make gift-buying easy and profitable for the recipient.

For a gift, or just good reading, Shopper's Guide is the place to go in the Big Bend--or anywhere.

Sales manager and delivery manager is John-Chou "John" Hong of Taiwan. He holds a master's degree from Sul Ross.
