**Post
Chapel**

One of the most beautiful and most used buildings on the post is our Chapel. From the outside it looks the same as most of the other buildings here on the Field, but inside Chaplains Richerson and Swift create a friendly and informal atmosphere.

LT. W. G. SWIFT
Catholic Chaplain

SCHOOL SECRETARY

Lt. H. W. Ludlow is the man that signs our final papers that transfer us from the ranks of Cadets and Students to our new rank as Commissioned or appointed of the Air Corps, Army of the United States. Lt. Ludlow and his capable staff have been working on the transformation ever since the day we arrived here at Marfa Army Air Field.

PHYSICAL

PHYSICAL TRAINING—Left to right: Lt. Pate, Cpl. Baumgartner, Cpl. Stanford, Sgt. Dombowski and Lt. La Fargo.

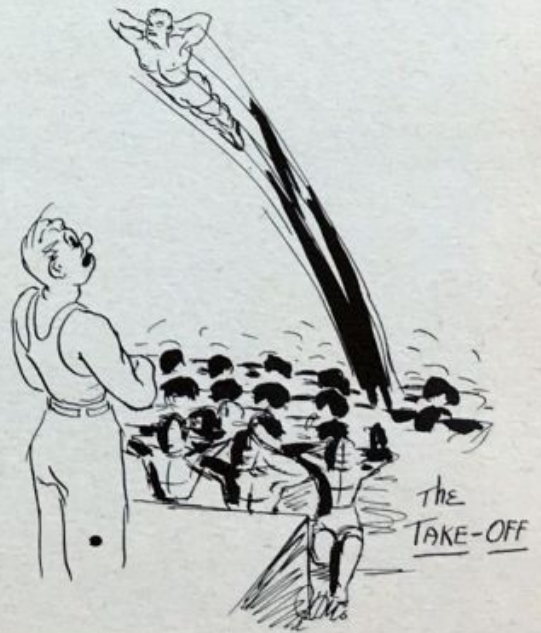

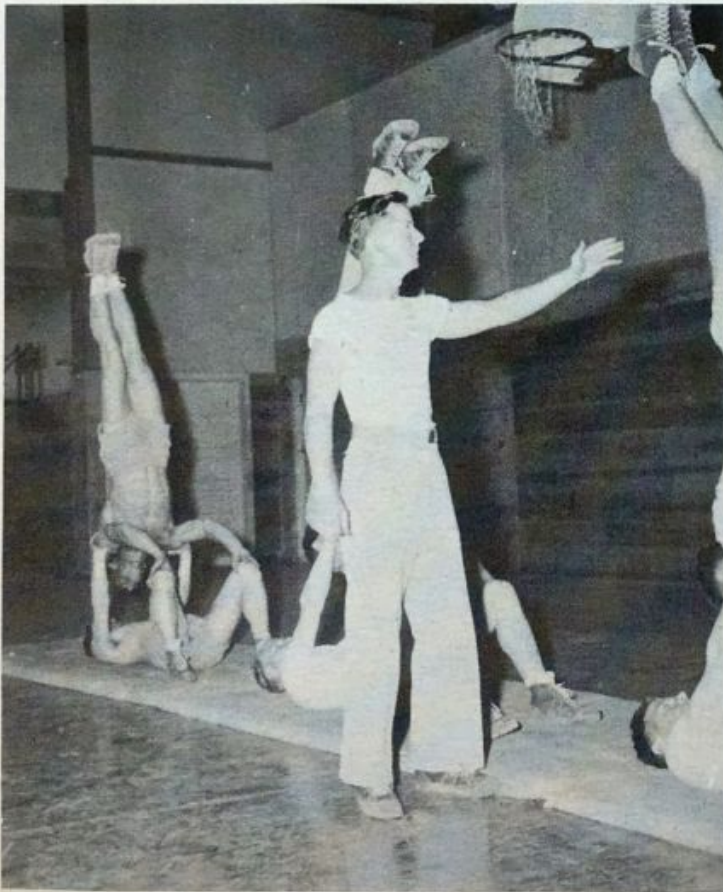

TRAINING

"THEY SAY HE CAN'T STOP NOW....."

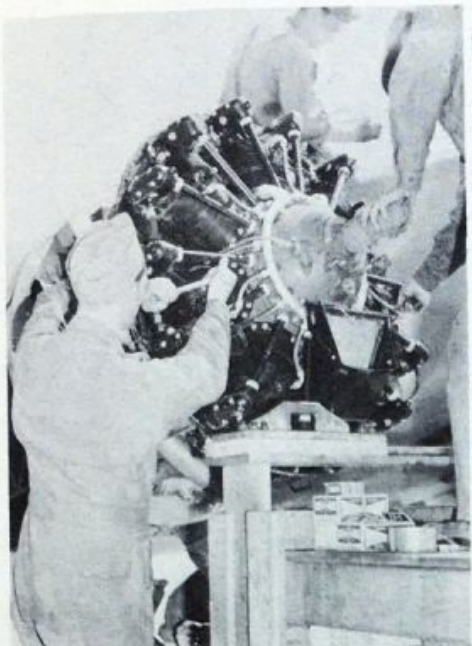

The Physical Training department of Marfa presented a well rounded schedule. It proved to be equal to, if not better than our former P.T. schedules. The men who make up this department give us this rugged schedule of calisthenics, track, tumbling and other activities, to build up our bodies for the rough program that lies ahead.

MAINTENANCE

CREW

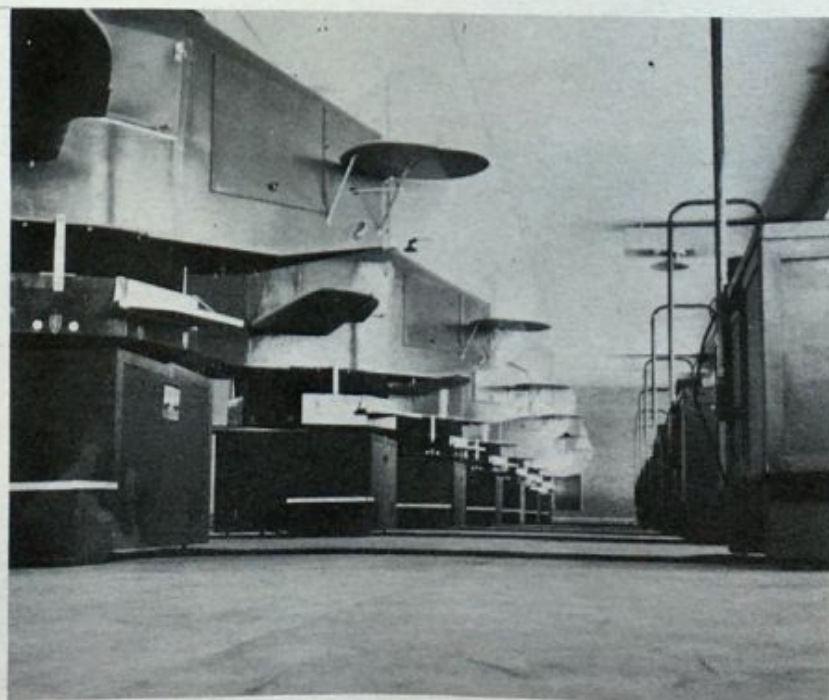

The Maintenance Crews are the men who we must rely on. They are the men that keep our planes in good flying condition. They keep the engines in shape, gas and oil each plane before every flight. In other words they are the brains behind our planes.

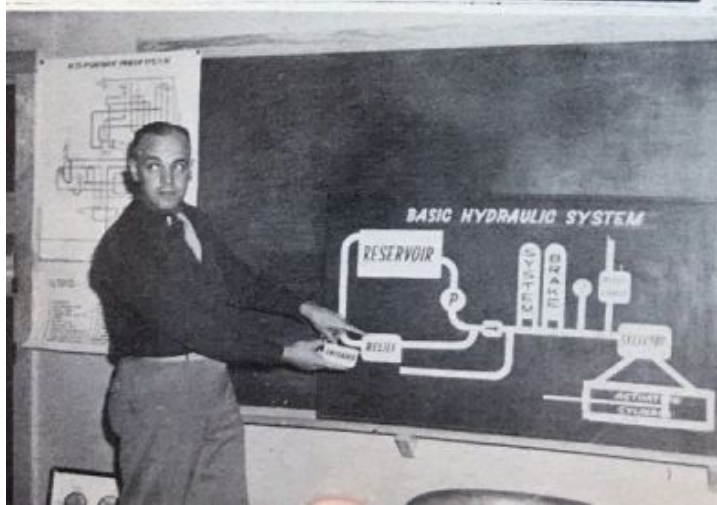

1st Lt. Robert Hoagland, assisted by 1st Lt. N. S. Davis and fifty Link Trainer Operators, heads the Link Trainer department. At present they operate twenty trainers from 0600 - 2400. These Link Trainers are used in helping Cadets learn about Blind Flying.

Thanks to Base Photo

TO Lt. Deebs and his splendid staff at Base Photo, we are deeply indebted for the excellent photographs in this Class Book. Thanks a million for making this book a credit to our Class and Marfa.
